Training and assessment services for CUA40113
Certificate in Dance are provided on behalf of the
National Health and Fitness Academy (NHFA)
RTO #31894. The qualifications are issued by NHFA.

WELCOME..

Our purpose at Signature Dance is to provide dancers with a pathway to expand their knowledge and opportunity to pursue a career in dance whilst still studying at High School.

Provided in a supportive and professional atmosphere, students will attend class in the studio one day per week (Wednesday) during the four school terms over a 2-year period. Class sizes will be kept small and intimate so that all students receive the highly personalised tuition experience.

The course is split into 2 components, the Certificate component, and the industry development component.

At Signature Dance, we provide a space for Global Dance Pro in partnership with NHFA (The National Health and Fitness Academy RTO #31894) to offer senior students the CUA40113 Certificate IV in Dance.

The certificate component is made up of *theory, activities and practical assessments*; all available through our **online platform**, that all students have personal access to through their internet compatible device. Students are required to submit video submissions of their practical assessment exercises in various styles of dance to their assessor.

The Industry Development Component is set at Signature Dance, where students must participate in a variety of classes with a diverse range of mentors, teachers and choreographers. Classes include a mixture of dance genres, weekly pilates and body conditioning classes, positive mid set training, make up and hair tutorials, nutrition guidance, injury prevention and many more exciting classes.

When completing the CUA40113 Certificate IV in Dance, students can include this as a part of their ATAR selection, or as a qualification on its own, providing a selection score of 74 for most Universities.

***Please enquire with your desired universities for their selection score procedures. ***
